**CJ Frye**

**Steve Tollerson**

**James Frye**

Dear Family and Friends,

The Frye Foundation has been established to fight against two very common medical conditions in the United States today; diabetes and mental illness. These diseases have had a direct impact on Coach Frye and his family, and he has decided to do something to fight against them and help the people who are affected by them.

According to the American Diabetes Association, diabetes affects 25.8 million children and adults to the United States. It is estimated that the cost of diabetes in the United States is \$218 billion per year. Mental illness affects 57.7 million adults over the age of 18; about 1 in 4 in the United States according to the National Institute of Mental Illness.

If you or someone you know has ever been affected by diabetes or mental illness, we would like your help in joining Coach Frye and The Frye Foundation's fight. There are many different ways and levels for you to be involved with The Frye Foundation; ranging from as little as \$5/month (\$60/year) to \$25/month (\$300/year). The contribution levels are as follows:

- Gold Level: \$25/month or \$300/year
- Silver Level: \$20/month or \$240/year
- Bronze Level: \$15/month or \$180/year
- All-American Level: \$10/month or \$120/year
- All-Conference Level: \$5/month or \$60/year

The foundation is a nonprofit organization that will support the American Diabetes Association, the National Alliance on Mental Illness-Moore County, and the Mental Health America of South Carolina. In addition, two full scholarships will be awarded to prospective students at Midlands Technical College and Sandhills Community College.

Please take the time to visit [www.thefryefoundation.org](http://www.thefryefoundation.org) for more information about how you can help donate and become a contributor to The Frye Foundation or mail to P.O. Box 212033, Columbia, SC 29221.

Together we can enhance the lives of those affected by these diseases.

Sincerely,

*Curtis A. Frye*
